SEMESTER 1 FINAL RESEARCH PRESENTATION

- Create your own Google Slideshow by Duplicating **each** slide and answer EVERY question.
- Every answer must have a source for how/where that information was gathered (50% deducted for an answer without a verifiable source)
- If a question does not apply to you (i.e., “car payment expense” explain *in detail* for that question how/why it does **not** apply)
- This project will be due Wed. 12/13/17 and each will be presented by the student in class.
- Pictures accompanying the slides to add more visual interest will help improve the grade.
- Inaccurate answers, incomplete answers, or answers where the source is unreliable will be deducted 50% or more.
- This project is worth 200 points.
- You will have time in class each day to work on this. Blocksi (the teacher’s ability to check what you are using the computer for) will be used each day to check on whether the student is working or wasting time. A 50 point participation/research grade will be given during the research time preparing for this project.
